Subject: Interim Report before final report on Grant # P-1177

On July 1, 2017 the final \$1000.00 Dollar scholarship to a institution of higher learning was issued to the university via US Mail. As of this date, we have issued checks totaling \$9000.00 To four(4) separate universities in Texas. We have not yet received a single receipt acknowledging payment as of yet. I inquired at one institution and was informed that we would received a confirmation in approximately 30 days, which was approximately 10 days ago. As is obvious, without confirmation of the payment of the Rotary funds to the separate institutions, I cannot prepare the final report as required. As soon as I received the confirmation report from the 4 universities I will immediately prepare the final report as required by the district.
