

District Grant Report

Rotary Club: Yorba Linda Sunrise Rotary Club

Project Title: Septic tanks and sanitation for families, Tecate, Mexico in cooperation with Corazon

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?
Yorba Linda Sunrise Rotary club cooperated with Long Beach Rotary and other clubs to continue their support of housing for poor families in the Tecate area, working through Santa Ana based Corazon. There have been several trips to buy and install septic tanks for homes and the community center. Construction trips took place on November 11 & 12, 16, December 9&10, 16, March 17&18 17, April 21&22 17, May 26 & 27th and the last one June 5-6, 2017.

2. How many Rotarians participated in the project? 60+ Rotarians from multiple clubs building homes and assisting with septic tank installations as well as preparing for hand washing facilities to be installed above the toilet water tank.

3. What did they do? Please give at least two examples.

Rotarians physically leveled the gravel in excavated holes, then placed and connected the septic tanks.
Rotarians physically assembled the piping to connect the tanks to the homes bathrooms, creating the ability for flushing toilets in the homes, replacing pit toilets.

4. How many non-Rotarians benefited from this project? The numbers vary by family. Most families are two adults and 2 children, so at least 38-40 benefited with septic systems linked to the homes. The community center tank will benefit the entire community, around 800 people use the community center facilities, not including visitors.

5. What are the expected long-term community impacts of the project?
Raw sewage flushed into a septic system, leading to reduction in fly-borne illnesses and diarrhea. Hand washing stations above the toilet tanks will lead to improved overall hygiene, which in turn means less sickness and better school attendance by children.

6. If a cooperating organization was involved, what was its role?
Corazon assist the community through fund raising and scholarships for children. They assist with families identified to receive both houses and septic systems based on the families' support of the community. They also purchase the materials locally where possible, supporting the local economy and thus enable Rotarians to arrive on site and implement tank and washing facilities installation.

Financial Report – Be sure that Income equals Expenditures!

7. Income	Amount
1. District Grant funds approved by the District	\$10500.00
2. Club contribution	\$10500.00
3. Other funding provided by Corazon	\$305.34
Total Project Income	\$21305.34

8. Expenditures - please be specific and add lines as needed - receipts must be attached	
1. Excavator, gravel, tanks, transport, piping, completion of projects (Please refer to Excel summary)	\$21,112.00
2. Unused funds allocated to maintenance and anticipated adjustments	\$193.34
3.	
4.	
5.	
6.	
Total Project Expenditures	\$21305.34

9. By signing this report, I confirm that to the best of my knowledge these District Grant funds were spent only for eligible items in accordance with Trustee-approved guidelines, and that all of the information contained herein is true and accurate. Receipts for all grant-funded expenditures have been provided to the district. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights in the photographs, including copyright, and hereby grant

RI and TRF a royalty free irrevocable license to use the photographs now or at any time in the future, throughout the world in any manner it so chooses and in any medium now known or later developed. This includes the right to modify the photograph(s) as necessary in RI's sole discretion.
