Dear Arlington West Rotary,

H.O.P.E. appreciates the \$1,200 that the Arlington West Rotary donated to the H.O.P.E. Tutoring Center last year and hope you would be willing to help again. Your donation will be used to sponsor the summer Math Camp program. Our goal is that 75% of our students will show improvement at the end of each program as reflected on pre/post testing. Each year we surpass this goal.

H.O.P.E. endeavors to help students feel confident with math skills. The purpose of Math Camp is to emphasize basic facts and to teach problem solving tools. This program meets for two weeks: Monday through Thursday from 9:30am to 12:00pm. It will begin July 24, 2017. Our first priority is to help our youngsters gain self-confidence in math by giving them a variety of learning materials in a safe learning environment. Math Camp serves students who have completed 3rd, 4th, or 5th grade, and this summer we are going to add students who have completed 2nd grade.

H.O.P.E. is the only tutoring agency that provides free, individual tutoring to at-risk Arlington students. With your help, H.O.P.E. can attain their mission, add 2nd grade materials and update 3rd, 4th, and 5th grade materials in order to meet the needs of the students and comply with AISD.

Your generosity and support is appreciated.

Sincerely,

Betsy Holschuh
Executive Director

Math Camp Request Budget Attached

2017 MATH CAMP July 24, 2017 – August 3, 2017 Monday - Thursday**BUDGET:**
