Dear Bob,

Thank you for your interest in donated English books to support the programs of Dawro Development Association. This is to confirm that Books For Africa would be pleased to partner with you on this project.

Books For Africa is a U.S.-based NGO dedicated to helping end the book famine in Africa. Books For Africa is the largest shipper of books to the African continent. Since our founding in 1988, Books For Africa has distributed over 36 million books to children in 49 African nations. Over the past 12 months we have shipped 2.4 million books, 154 computers and 62 e-readers containing 467,000 million digital books, as well as 7 new law and human rights libraries to 25 African countries. Our books are sent to primary and secondary schools, universities, and community libraries.

Books For Africa can provide a 40-foot container (approximately 22,000 books) delivered to Tarcha, Ethiopia for \$16,300. This price quote is good for nine months' time. The value of one 40-foot container of primary and secondary books by conservative IRS estimate exceeds \$264,000. The pallets will be packed to the specifications of the recipient per the book order form, which is included. Please note that orders that contain more than five pallets of post-secondary level books will be assessed a \$2,000 post-secondary surcharge.

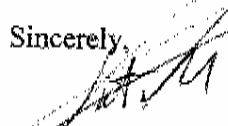

Please note that this price quote includes standard customs and destination charges as well as taxes & duties and delivery to Tarcha. Your recipients will need to work with our appointed agent to claim the container. BFA strongly recommends that your receiving party is well prepared to claim this container to prevent additional charges. Books For Africa will abandon this container or consign it to another party if not claimed in 30 days' time.
