Rotary Club: Rotary Club of Flower Mound Project Number: P-1848
 Project Title: Aquaponics Project Belize

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries? We build Aquaponics systems in six costal communities. One was at a high school, the rest were in villages. We completed the project between January 21-26

2. How many Rotarians participated in the project? 26
3. What did they do? Please give at least two examples. We built the system's wooden frames and plumbed them to insure they flowed properly. Loaded the tanks with gravel and then wired them to power the pumps.

4. How many non-Rotarians benefited from this project? 33
5. What are the expected long-term community impacts of the project?
 The vegetables and fish will supplement the diets of the villagers and kids in the school. The local folks worked through the whole process and can build more with funding from another source.
6. If a cooperating organization was involved, what was its role?
 Kids Eat Free is a local NGO and they purchased and stock-piled our supplies in-country. They also offered technical assistance with wiring.

Financial Report (District must retain receipts of all expenditures)-The two yellow cells must be the same
