Rotary Club: Fort Worth International

Project Number: P-1906

Project Title: Dictionaries for 3rd Graders (in disadvantaged Fort Worth Schools)

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

Van Zandt-Guinn Elem	60 students (estimate)
Briscoe Elem	71 students
Eastern Hills	80 students (estimate)
East Handley	70 students (estimate)

2. How many Rotarians participated in the project? 12

3. What did they do? Please give at least two examples.

Rotarians collectively presented a 45-minute Assembly Program at each school (usually in the Library or Auditorium). The program walked the students through the whole dictionary with fun exercises, games, and competitions to get them to dig in and learn how to use the dictionary. Individual Rotarians spread out to work with the children in small groups and give more individualized attention.

4. How many non-Rotarians benefited from this project? Approx. 281 children + 20 teachers

5. What are the expected long-term community impacts of the project?

For many of the students, this was the first book they have ever owned. We expect it to contribute to their education as well as their sense of value (self-worth). We also anticipate a broader view of the world through learning about other countries.

6. If a cooperating organization was involved, what was its role?

The Dictionary Project would not have been possible without the enthusiastic participation of the four area schools. They provided space, supplied teachers, prioritized time in the school day for the program, and embraced our mission and objectives.
