---

Denny...

Thank you for your special note. Yes, it is our hope that your Rotary Club will continue with us into the next year and others, maybe. Should there be a way to even increase the amount some, that too would be appreciated. Our bikes are made in China. With increased tariffs, there's been an increased price to OCSS. Either way, we'll always feel blessed with any amount from your Rotary Club. Don

Good Morning Don,

Thank you for the inspiration years ago and your kind hospitality.

The number of volunteers from evaluation of applicants to putting together the bikes is heartening.

It was certainly an inspiration to Brenda. She has a few friends in Fallbrook and Bonsall that wish to get involved with a program such as this. It was good to see interest from the representatives from

I hope that the Rotary Club will continue with this grant next year

Best regards,

Denny

Denny...

Thank you for your perfect timing when you and your wife arrived on Saturday morning at our OCSS evaluation session. I've attached a few photos that should be of interest to you. You met in person Grace Roybal and her Mom Cecilia. The story about Grace and how she ended up in a wheelchair was amazing. The story about the two Zimmerman children with cerebral palsy was even more amazing. There were Kylee and Daniel. These two children are only two of five in the Zimmerman family. As we learned, they are Navy living on base nearby. These were the three kids from San Clemente from the total of nineteen kids that were fitted. Plus, it was a beautiful day to be outdoors.

Thank you to you, Denny and your membership for your grant support to OCSS. As you can easily glean, this is money well spent no matter which way we view this charity. Glad you soaked up a portion of this amazing happening. Here goes with photos. I'll attach them then possibly insert a few. Don for OCSS
