January 31
STATUS

Hi Bob,

I hope you had a wonderful week. I have been very busy and very excited ordering materials this past month. I am attaching a spreadsheet with orders and pricing. I've highlighted the ones that have been funded. I haven't received any invoices yet but will get those to you when I receive them. I am already starting to get students on the p12 pretests and am excited to see how they do on it. This next month will really involve creating a baseline of what scores on our assessments mean against the new test.

There is around 254 dollars left-I plan to spend that on either more Kaplan big books or more subject specific books. I want to get some student and volunteer feedback this month and then purchase accordingly.

Thank you again for helping us fund this change and for all the support you and Arlington Rotary have given us through volunteers, funding and advocacy. If you need anything else or need this report in a different format, please let me know.

Thanks,
Glory Dalton
