Thanks Jan, that will be fine, we can always take a few photos with our cell phones.

I divided the schools into 4 groups and one of our members will coordinate with you to arrange the visits for each group.

I think going to each site would be best for the teachers. It may be harder to get them to the District Office. Once I get the schedule from you, I will coordinate with our photographer to meet at some of the sites for photos. I don't think he will be able to get to all of them.

Thank you for your help in arranging this.

Thanks Jan, we are getting our people lined up to deliver the checks. Is it alright yo give them your number for coordinating the school visits.

Do you think it works best to meet at each teachers school, or would meeting at your district office work better? Thought I better ask, as I had just assumed we would meet at the individual school.

Hi,

Yes, our classes are remaining open and the teachers can still use the funds for their projects.

Does the county going to back to Purple impact being able to hold classes in the same manner you are now, and can the teachers still execute their projects?
