Rotary Club of Wichita Falls North matching grant for Texoma Gives 2020

Amount - \$2,000.00

Date received funding Texoma Gives – September 10, 2020

Dear members of Rotary North,

On behalf of the Board of Directors and staff of River Bend Nature Center, thank you for your matching grant of \$2,000 during the 2020 Texoma Gives event. We received dollar for dollar match for a total equaling \$4,000. We used this funding for our educational programs – Science Saturday and Zoom educational presentations with WFISD during Covid. This funding allowed free educational science programming for our community.

Through your thoughtfulness, River Bend will continue to provide educational and environmental programs and resources for the benefit of the communities we serve. Your commitment to River Bend and our programs is appreciated. We are all excited about what River Bend has in its future and thank you for your continued support.

Sincerely,

Liz Martin
Executive Director
