Hi Jim,

I hope you are enjoying your weekend! A few fellow international students and I have found a wonderful house to rent in Brighton and are making arrangements to move in next weekend -- we're very excited! One of the other students is American and has the Global Scholarship from Rotary ☺ We actually found this house because the landlord is connected to the Rotary Club here in Brighton, which is so nice! They have agreed to waive some normal requirements (such as a UK-based guarantor, etc.) because of our connections to the Rotary Club. Would it be okay with you if I passed along your information to the landlord to serve as a reference for me? We are hoping to send all of our information by Monday so if you could let me know if this is okay with you soon that would be really wonderful!

Thank you again for all of your support!
Abbey
