

*Skyview Elementary and Middle School
Orange County Department of Education*

September 2, 2013

To Whom it May Concern:

This letter is to confirm that the Villa Park Rotary Club has been working closely with Skyview Elementary and Middle School to ensure essential services and items of need for our students. The group has supported our school in years past when we were known as “Project HOPE School” and housed at the First Presbyterian Church of Orange. The group used to prepare a warm meal for our students on a regular basis and had to stop when our school changed facilities due to the lack of kitchen space. We are extremely excited to be working with the group again and very grateful for their efforts in attaining a grant for the benefit of the school and its students.

Skyview Elementary and Middle School is an alternative education K-8th grade elementary school for primarily homeless and at-risk youth in Orange County. We try our best to facilitate extra services for students and their families who are faced with an array of challenges. We are lucky enough to have the support of various community organizations, including the Villa Park Rotary Club to help improve the lives of the families we work with. If you have any questions about our program, please feel free to contact me.

Sincerely,

Mary Garcia
