

Rotary Club: Anaheim

Project Title: Jenks Lake/Backpacks

Progress Report Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

This project had two parts. The first part was a distribution of school supplies and backpacks to 100 of the neediest students in Anaheim. Rotarians gathered before a regular meeting to fill the backpacks at the regular meeting place. The distribution occurred at the main branch of the Anaheim Boys and Girls Clubs.

The second part was to take underprivileged children fishing at Jenks Lake. That did not happen due to the government shutdown. However, a replacement project is scheduled for Saturday May 31, 2014. A final report will be prepared once that was been completed.

The information below is only about the backpack portion of the project.

2. How many Rotarians participated in the project? 35

2. What did they do? Please give at least two examples.

1. Ordered and picked up supplies.
2. Packed the backpacks with all the supplies
3. Distributed the backpacks at the Anaheim Boys and Girls Club.
4. Wrote notes of encouragement to every student.

4. How many non-Rotarians benefited from this project? 100

5. What are the expected long-term community impacts of the project?

More successful students due to availability of school supplies and encouragement from Rotarians

6. If a cooperating organization was involved, what was its role?

Anaheim Boys and Girls Clubs selected the neediest kids and provided the location to distribute the backpacks. The Magnolia School District provided a list of the most important school supplies elementary children would need.
