Project Description

1. Briefly describe the project outcomes. What was done (in 100 words or less)? School supplies and white boards were purchased for students and their classrooms. These supplies have been distributed to some students, and will be provided to others when they are in class. In addition supplies are also held at the school

When (dates) and where (city, state and country) did project activities take place?
Because some Rotarians that are involved in the project are not available during the week a distribution took place on Sunday April 21 at the school in Polblado Miguel Aleman

Who were the beneficiaries? School students

2. How many Rotarians participated in the project? 11
3. What did they do? Please give at least two examples. They brought together students and their families at the sight of the school and passed out a basic package of school supplies that each student needs. They also showed them how to use items such as a compass and rulers that they have not had and used before
4. How many non-Rotarians benefited from this project? 88
5. What are the expected long-term community impacts of the project? Newly built classrooms and having these supplies will allow 2 teachers and a number of Rotarians to help the Triqui children to learn the Spanish language and well as other subjects that will allow them to go beyond just working as field pickers because they cannot read or write Spanish.
