

District Grant Report

Rotary Club: Rotary Club of Villa Park

Project Title: Friendly Center Childcare Room

Progress Report Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

Friendly Center provides support programs and supplemental education to families and individuals that are less fortunate and under-served in Orange and surrounding communities. One of the room at their family resource centers located on Rose St. in Orange was in need of refurbishing as a Childcare Room. Such room would be used to care for children of adults that are participating in support programs offered by Friendly Center at their Rose St. family resource center. The district grant provided much needed funds to convert an empty room into the Childcare room by acquiring and delivering tables, chairs, rugs, decor, furniture for organizing childcare services, and toys to occupy the children while their parents participated in programs next door.

2. How many Rotarians participated in the project? Five rotarians from RCVP.

3. What did they do? Please give at least two examples.

One of the Rotarians discussed the needs for the Friendly Center Childcare Room with Friendly Center personnel, then the Rotarian placed an order for the needed tables, chairs, rugs, decor, furniture for organizing childcare services, and toys. Once delivered, four additional Rotarians arrived at the facility to unbox the items and assemble those things that needed assembly.

4. How many non-Rotarians benefited from this project? Scores of children from underserved families have benefited from this project.

5. What are the expected long-term community impacts of the project?

The Childcare Room should be available for many years to the community.

6. If a cooperating organization was involved, what was its role?
