Do not sent this form directly to Rotary International.

Rotary Club: Mineral Wells

Project Number: 4964

Project Title: Mineral Wells Travis Sunshade

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

The Rotary Club of Mineral Wells was able to use our District matching funds of \$3420 to help out one of the local elementary schools (grades 4-6). With the brutal heat in the Spring and Fall seasons, they were in need of a bench and umbrella to tolerate the sun on the playground. After meeting with the assistant superintendent and elementary school principal, they were able to purchase a bench, umbrella stand, umbrella, and outside trash can. Their order was a little more than our funding, but the PTO provided the extra funds needed.

2. How many Rotarians participated in the project? 6: Officers & Committee Chair

3. What did they do? Please give at least two examples.

The Board/Officers collectively discussed how to spend our grant funds. The President and Foundation Chair went to the ISD offices and approached them with the idea to help on in some fashion. The Asst. Superintendent then reached back with a proposal. We took this back to the Board and approved the idea and started submitting the proposal to the District Grant Chair.

The products are being delivered the last week of March 2024 and once they have everything installed, we will invite the entire local club for a photo opportunity on the elementary playground (which is not as easy as it used to be with enhanced security!)

4. How many Non-Rotarians participated in the project? 5 (ISD personell)

5. What are the expected long-term community impacts of the project?

The addition to the playground will allow faculty observers to have some shade options when watching the students on the playground.

6. If a cooperating organization was involved, what was its role? Yes, the Mineral Wells Independent School District and specifically Travis Elementary was involved in requesting the need. They researched the desired products and provided us with a price quote. We supplied them with the funding, and they ordered it. Once delivered their maintenance crew will install it on the playground.

Financial Report (District must retain receipts of all expenditures)-The two yellow cells must be the same.

7. Income		Amount
1. District Grant funds received from the District		\$1710
2. Other funding (specify) Rotary Club of Mineral Wells		\$1710
3.		
Total Project Income		\$3420
