

District Grant Report

Rotary Club: Anaheim Hills

Project Title: Serving our Community

☐ Progress Report ☒ Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

STEP – Supporting Teaching and Educational Programs is our club's signature project and one which we have completed with the support of district grant funds for 16 years. The scope of STEP reaches a wide array of subjects and disciplines, including science, math, the arts, and special needs. STEP awards funded a myriad of educational necessities including books, teaching materials, student and classroom equipment, and adaptive learning equipment for special needs students

2. How many Rotarians participated in the project?

The entire club has participated in "Serving Our Community".

3. What did they do? Please give at least two examples.

STEP grants are administered through a process which ensures fairness for all the schools and applicants. Program materials, including application and eligibility requirements, were sent to schools and learning institutions, and a committee of AHRC members evaluated all the applications. Award recipients (educators, principals, learning center directors) were invited to attend an AHRC meeting to present photos and videos of the project/supplies/program being used by the students and participate in Q&A sessions with club members

4. How many non-Rotarians benefited from this project?

For all these projects in total, hundreds of individuals (students, community members) benefitted from the club's community service.

5. What are the expected long-term community impacts of the project?

Supporting education.

6. If a cooperating organization was involved, what was its role?

N/A.
