

### District Grant Report

Rotary Club:

FULLERTON

Project Title:

TARA'S CHANCE TACK SHED (P-5267)

Progress Report

Final Report

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

*See attached report*

2. How many Rotarians participated in the project?

3. What did they do? Please give at least two examples.

4. How many non-Rotarians benefited from this project?

5. What are the expected long-term community impacts of the project?

6. If a cooperating organization was involved, what was its role?

### Financial Report - Be sure that Income equals Expenditures!

#### 7. Income

	Amount
1. District Grant funds approved by the District	2748-
2. Club contribution	4102-
3. Other funding (specify) <u>TARA'S CHANCE DONORS</u>	19.82
<b>Total Project Income</b>	<b>6869.82</b>

#### 8. Expenditures - please be specific and add lines as needed - receipts must be attached

1. <u>Shed</u>	8533.35
2. <u>ROOFING</u>	756.66
3. <u>Foundation</u>	1431.16
4. <u>Paint</u>	222.15
5. <u>Interior Shelving</u>	328.14
6. <u>ELECTRICAL</u>	421.55
7. <u>Misc interior materials (52.54 + 3876 + 1702 + 4180 + 2669)</u>	176.81
<b>Total Project Expenditures</b>	<b>6869.82</b>

9. By signing this report, I confirm that to the best of my knowledge these District Grant funds were spent only for eligible items in accordance with Trustee-approved guidelines, and that all of the information contained herein is true and accurate. Receipts for all grant-funded expenditures have been provided to the district. I also understand that all photographs submitted in connection with this report will become the property of RI and will not be returned. I warrant that I own all rights in the photographs, including copyright, and hereby grant RI and TRF a royalty free irrevocable license to use the photographs now or at any time in the future, throughout the world in any manner it so chooses and in any medium now known or later developed. This includes the right to modify the photograph(s) as necessary in RI's sole discretion. This also includes, without limitation, use on or in the web sites, magazines, brochures, pamphlets, exhibitions and any other promotional materials of RI and TRF.

Certifying Signature

Print name, Rotary title, and club

Terri Grassi, Project Leader  
ROTARY Club of Fullerton

**1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?**

Tara's Chance is a nonprofit dedicated to providing equine-assisted therapy for children with special needs, helping them build confidence, strength, and independence. Through compassionate care and specialized programs, we empower riders to reach their full potential.

In 2014, Tara's Chance built a 96-square-foot tack shed to store essential program equipment when we served 10 children with special needs. Since then, our program has grown to serve 95 children weekly, necessitating more than double the equipment. However, our storage space has remained the same, requiring us to store additional equipment in a shed at the opposite end of the property.

To address this issue, we undertook a project to more than double our tack storage space near the riding arena by constructing a new 180-square-foot prefabricated tack shed. This expansion enhances efficiency, organization, rider independence, and equipment security.

Over 30 Rotarians participated in assembling and painting the shed. The assembly included constructing the floor, walls, roof, doors, and windows, while painting and the interior design was completed separately. The new shed, now in place, has a Rotary plaque displayed to acknowledge Rotary's contributions.

The beneficiaries of this project include the 95 children with special needs served weekly at Tara's Chance, as well as their families, therapists, and volunteers who rely on accessible, organized, and well-maintained equipment to facilitate equine-assisted therapy sessions.

**2. How many Rotarians participated in the project?**

Over 30 Rotarians participated in the project.

**3. What did they do? Please give at least two examples.**

- Rotarians assembled the prefabricated tack shed, including constructing the floor, walls, roof, doors, and windows. Rotarians painted the shed to ensure durability and maintain its appearance. Rotarians also designed, built, and installed the interior saddle racks, shelves, seats, and more.

**4. How many non-Rotarians benefited from this project?**

95 children with special needs benefit from this project weekly. With the ability to grow programming and the longevity of the shed, this project will impact over 4,000 special needs children during its lifetime. Additionally, our riders' families, therapy instructors, volunteers, and support staff also benefit from the new shed. In total, more than 15,000 individuals will benefit from the increased efficiency, organization, and accessibility provided by the new tack shed over the lifetime of the shed.

**5. What are the expected long-term community impacts of the project?**

The new tack shed will have significant long-term benefits for Tara's Chance and the surrounding community, including:

- **Improved Efficiency:** Keeping all necessary equipment near the riding arena reduces setup time and increases the number of therapy sessions possible.
- **Greater Organization:** More space ensures all saddles, reins, helmets, and therapeutic equipment are well-organized and easily accessible.
- **Enhanced Rider Independence:** Riders will be able to access their equipment more safely and confidently, promoting self-reliance.
- **Program Growth & Sustainability:** The additional storage allows Tara's Chance to expand its services and accommodate more children with special needs.
- **Increased Security:** The shed provides a dedicated, secure space for expensive and essential program equipment.

**6. If a cooperating organization was involved, what was its role?**

Tara's Chance played a key role in this project by preparing the site for the shed installation. Donors associated with Tara's Chance provided resources and labor for constructing the foundation and necessary support before the Rotarians assembled the shed. This collaboration ensured a smooth and efficient build, enhancing the program's ability to serve children with special needs.
