Dear Sir/Madam:

Home for the Aged is a welfare government institution under the DSWD established with a mandate to provide temporary residential intervention to the abandoned, neglected and unattached older persons.

Being a non-stock and non-profit institution providing care for the disadvantage elderly, we solely depended upon the funding that the national government allocated to us. Thus finances can sometimes hardly make both ends meet. Hence the support of the community stakeholders in our endeavors are very highly appreciated.

The donation that you have made to the Home for the Aged will enable us to significantly serve further our Lolos and Lolas. May our Heavenly Father bless you and your family with good health and good fortune so that you can continue to share God's love and grace to more people.

From the bottom of our hearts, thank you very much.

MABUHAY PO KAYO!

Very truly yours
