IT TOOK TWO DAYS TO REACH THE TOWN OF KORR, NORTHERN KENYA. Rotarian Dominic loading school supplies to the truck

Rotarian Dominic and Richard arrive safely in northern Kenya to deliver school supplies with a friend of Rotary.

Long and rough journey! Journey has a high-risk factor.

VERY NEEDY.

This grant donated large quantity of school supplies to Tirrim group of Christian schools. The private faith-based schools are liberating the Samburu and Rendille communities from bondage of strict cultural practices (FGM, early child marriages, child labor, banditry). The schools will generate future community leaders who are equipped to solve their own community challenges.

Public schools have failed and when available they are deserted and very poorly equipped.
