Project Title: Help Our Pupils Excel w/ H.O.P.E. Tutoring Center – Arlington TX --

Progress Report Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

This grant provided materials to support the Extended Tutoring Reading and Math Programs before and after the regular Tutoring sessions. This grant bought materials for the Reading/Math Programs, practice workbooks for the STAARS test and materials for this year's summer math programs. These tutoring sessions – one on one with the students needing help - took place on Tuesdays and Thursdays weekly at the H.O.P.E. Tutoring Center located at 2020 S. Collins in Arlington, Texas. The students were the beneficiaries of this project.

2. How many Rotarians participated in the project? 4

3. What did they do? Please give at least two examples.

The Rotary Tutoring Volunteers worked with the students – one on one an extra 30 minutes of math or reading skills, depending on what was needed, before and after their regular tutoring sessions on Tuesdays and Thursdays.

4. How many non-Rotarians benefited from this project? 9

5. What are the expected long-term community impacts of the project?

This H.O.P.E. tutoring project teaches the students to love reading and math and to feel confident when they improve their math and/or reading skills with better scores or grades in the classroom. It also teaches the students and parents that Rotarians are committed to improving their communities and a sense of giving back to these children.

6. If a cooperating organization was involved, what was its role?
