Project Title: Redo/makeover of Dorm at the Arlington Lifeshelter

Progress Report Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

Members of Arlington North Rotary did a makeover of one of the dorm rooms at the Arlington Life shelter. Originally we were going to redo the men's dorm room, but the Lifeshelter received a donation of bedding they could use for that room, and asked if could change and do the families dorm room which was in need of the same type of redo. Members painted the walls and storage boxes in the room, replaced damaged and stained ceiling tiles, replaced floor to wall coving in room and floor tiles in alcove area, provided new bedding and pillows for 16 beds, provided a new crib and bedding for use in the families dorm, installed new window coverings/shade/drapes, provided coloring books/crayons, books and puzzles for children staying at the shelter, and built and installed a new bench under the window in the dorm room. We had 5 members help paint and do flooring projects at the end of February 2015, then members went back and replaced ceiling tiles and did wall decal in April 2015.

2. How many Rotarians participated in the project? 5-7

3. What did they do? Please give at least two examples.

Members painted walls and storage boxes, installed flooring and coving, made beds with new bedding, installed ceiling tiles, installed window coverings, and constructed a bench and crib.

4. How many non-Rotarians benefited from this project? 16+

5. What are the expected long-term community impacts of the project?

The room that was redone at the lifeshelter provides shelter and lodging to at least 16 homeless people each night. Which gets people off the streets and provides a place to sleep, bathe, they provide dinner and breakfast plus a bagged lunch each day. The Lifeshleter also helps with lifeskill training, budgeting & money classes, parenting classes, homework assistance to children in school staying at the shelter plus much more. The Lifeshelter strives to go beyond being just a safe place to sleep at night, and wants to help men, women and families get back on their feet and re-enter the community with housing and jobs and skill training.

6. If a cooperating organization was involved, what was its role?

The Arlington Lifeshelter provides shelter/lodging and meals to 80-100 people every night. They also help provide life skill training, parenting class, job training, financial budgeting and education

classes, housing assistance through local housing assistance agencies plus much more to help men, women and families the ability to help get back on their feet and obtain permant housing.
