Project Title: TCCD Named Scholarship

Progress Report Final Report

Project Description

1. Briefly describe the project. What was done, when and where did project activities take place, and who were the beneficiaries?

To provide funds for a Rotary named scholarship (Dr Larry Darlage) for needy students wanting to pursue a career in the STEM fields. Rotarians conducted projects to raise the necessary funding for this grant. We had a Wine Discovery event in May and a Rotary Garage Sale in the Fall of 2013, in which all of the profits going to scholarships and our International projects.

2. How many Rotarians participated in the project? 28

3. What did they do? Please give at least two examples.
[Please see #1](#)

4. How many non-Rotarians benefited from this project? 3-5

5. What are the expected long-term community impacts of the project?
[Most of the students awarded the scholarships are the first ones in their families to attend college; they have a desire to enter the STEM fields but do not have the financial means to do so without financial assistance. STEM field degrees will likely lead to full time employment with wages that enable them to support their families. The community benefits by instilling hope for a sustainable future not only for the students who are awarded the scholarship but for their families for generations to come.](#)

6. If a cooperating organization was involved, what was its role?
[Tarrant County College signed a MOU with RI-5790 whereby if a student receiving this Rotary Scholarship maintains a required GPA and successfully takes a prescribed minimum of credit hours, TCC will match that scholarship for a 2nd year of education. Effectively this doubles the impact of this grant project, and provides 2 years of education for our scholarship recipients.](#)
