ARMENIA INTERNATIONAL CLUB**

Warm greetings

"By means of this letter, I would like to inform you that, acting as the Representative of the Education Sector before the Territorial Planning Council of the Municipality of La Tebaida (Quindío), I advocate full support for the '**Eduser for Peace Project**' which is represented in Colombia by **Mr. GARRETT THOMPSON and Ms. MARIA TERESA SILVA.**

That said support and promotion consist of providing the opportunities and spaces required with the intention of presenting Human-Centered Education as an opportunity for educational institutions in the Municipality to strengthen the human content of school education.

Likewise, acting in the role of Representative of the Education Sector, I am facilitating the necessary actions for the inclusion of the pedagogical strategy 'Human-Centered Education' within the Municipal Development Plan that will be discussed and approved starting in the year 2024.

Sincerely,

**WILMER FABIAN GARCIA LONDOÑO
