for Nomadic
Kids

Organizational Overview

Inception of BVJSS

Bhatkya Vimukt Jati Shikshan Sanstha (BVJSS) at Wagholi caters to little angels who are abandoned street / tribal children (children of Nomadic Communities / Backward Classes). The founder president and trustee of BVJSS, Mr. Shivlal Jadhav has been engaged in educating these children and providing them with free lodging / boarding facilities, education, vocational trainings, clothing and medical care.

BVJSS were laid in 1985, when Laxmibai Jadhav, a woman with a heart infinitely bigger than her home in Mundhwa decided to start up an orphanage with the aide of his son Shivlal. This marked the inception of BVJSS.

BVJSS Contribution to the Society

Currently there are around **250 children** availing education in the Ashram Junior School.

Residential Primary
School located at Sai
Satyam Park, Wagholi,
Pune

The grownup children from Residential Primary Ashram school admitted High school to get upper education. Presently There are around **150 children** getting education in the school along with the vocational training which helps them earning their livelihood.

Residential High
School located at
Bakori Phata, Wagholi,
Pune

Ashram Residential Primary & High School run by BVJSS for the children of nomadic communities provides with basic facilities such as food, shelter and education including vocational training.

Apart from this the school ensures medical support and also take care of other extra curricular activities such as sports etc. and other facilities which are needed by growing children. The total emphasis is on the factor that a sense of goodness, brotherhood and kindness gets inculcated amongst the children and they develop as good human beings and citizens of our country.

Some of the children presently getting an aid partly from Government of Maharashtra which is not sufficient for these children.

BVJSS Contribution to the Society

Ashram Residential School for Deaf & Dumb & Mentally Challenged children provides with basic facilities with the special trained staff approved by Rehabilitation Council of India and ensures medical, sports and other such facilities required by the growing children.

Currently there are around **50 children** availing shelter in the School.

Residential School for Deaf & Dumb at Sai Satyam Park, Wagholi, Pune

- BVJSS also has residential school for Mentally Retarded children located at Post. Pabal, Tal. Shirur Dist. Pune where they have around 50 mentally challenged kids getting support for addressing their basic needs such as Food, Shelter, Education, Medical and Vocational.
- BVJSS is expanding their residential school for Deaf & Dumb and Mentally Challenged Children and is working on setting up a training centre at Sai Satyam Park, Wagholi and hence will be shifting their Residential Primary School kids to Bakori Phata premises. The transition is under progress and expected to get completed by August 2008 end.
- BVJSS is in the process of setting-up a vocational training centre for High School children and need support for the operational expenditure of the centre, such as teacher's salary, material purchases etc.

BVJSS Contribution to the Society

Other than providing regular assistance to nomadic / backward class children, BVJSS is actively involved in various non-educational activities and awareness program such as :

Community Based Rehabilitation for of People with Disabilities

BVJSS assisted Caritas India in the Phase II of their project which was to collect information by survey in 20 villages of 3 Talukas namely Shirur, Ambegaon, Rajgurunager (khed) in Dist Pune, for Community Based Rehabilitation of people with disabilities. The survey has successfully been completed.

Entrepreneurship Development for men and women including Deaf & Dumb

BVJSS imparts vocational training courses in tailoring, book binding, candle making and plumbing which help the men and women to get employment and earn their livelihood in future. The course also caters to the deaf and dumb children. The above training equips them in finding employment opportunities in Pune. People who enroll for the course are paid a stipend of Rs.150/- by the government of Maharashtra.

Employment guidance programs for the youth

BVJSS conducts guidance programs for youth to make them aware of several vocational courses, training institutes and professional training imparted by various private bodies in and around Pune. The organization also recommends for these students at various places and makes sure that that they obtain admissions for the required course. Further, the ashram also ties them up with local banking institutions for the purpose of personal loans for the establishment of small enterprises.

Computer training programs for higher secondary students.

BVJSS is in the process of setting up a Computer Lab at Bakori Phata premises, where they will be providing basic training to the high school students.

Health Education & Family Planning Program

BVJSS conducts training programs for women to educate them towards the concept of nuclear families. Health awareness is the an ongoing activity carried out by the ashram for the benefit of people in and around the Shirur taluka. Regular health check-up camps are also a part of the health education program conducted by BVJSS.

Support Needed.....Voluntary Participation & Donation in Kind

We seek your support to involve your team members for conducting various activities like Quiz Contests, Painting competition and many more other fun activities as per their interests. They can celebrate various festivals and occasions, as it increases the moral and enthusiasm of these orphan kids and they get immense pleasure interacting with the volunteers.

Volunteers can approach BVJSS for providing help in studies of the kids by teaching them in the spare time, providing moral support, helping them in teaching computers, help them learning English Language or any other vocational training they which will help the kids in their future

Volunteers can provide, donations in kind by conducting various donation drives in their society, area, community and departments such as for Note Books / Work Books / Old Clothes or day routine other needs.

Volunteer can help the kids in their personality development by monitoring them closely and providing them required guidance and support. Providing personal time will help the kid becoming mentally and emotionally strong.

Contribution Needed.....Financial Support

— Support a Star Initiative

By providing support to the Children who are bright students or excellent performer in extra curricular activities by sponsoring them for educational / vocational trainings. This initiative can be addressed by a corporate for number of kids or employees can sponsor the kids, based on their preferences.

— Be a Guardian!!

By providing support to the children (normal / mentally challenged / deaf & dumb) by providing financial support to them against the expenditure incurred on providing food, medical aids, education and vocational training. This initiative can be addressed by a corporate for number of kids or employees can sponsor the kids, based on their preferences.

— Support for Educational Aids

By providing Financial support to the School for purchasing educational aids such as workbooks, notebooks, stationery etc. or donating the same in Kind

— Let's build-up a Healthy Life

By providing support to the school for providing nutritious food, safe drinking water to the kids along with the clean and hygienic infrastructure, good health etc.

— Let's educate the children in fun way!!

By providing support to the school for improving their recreational facilities such as collection of toys, educational material, setting up library, improvement in their play-area, providing them with Games, sports equipment and various puzzles which will increase their mental ability and help them getting the physical education etc.

— Make them Independent!!

Support is requested for setting up infrastructure and addressing need for recurring expenses for vocational trainings, such as sponsorship for training faculty, providing computers, machines required for offset printing, material required for candle, file making or book binding etc. It will help the children to earn their livelihood independently and hence get due respect in the society.
